Please accept this letter as your official invitation to attend a Nanaimo Clippers 2016 Spring Camp. We are offering 3 camps this year. Our first camp will be held in Fort St. John, BC - April 2/3, our second camp will be in Kamloops, BC - April 23/24 and our third camp will be held in Nanaimo, BC - May 28/29.

We had great success with last year's camps with several players either getting noticed and signing with our hockey club or getting noticed for the following season. Jakob Walter, Troy MacTavish, Lucas Finner and Matt Kowalski are players identified at last year's camps who are currently on our roster. Shaun Guison, Will Koop, Jordan Deyrmenjian, Julius Zhang, and Austin Roden are affiliate players with us who also attended last year's camps and have a great chance of being on the upcoming season's team. We believe strongly in our ability to recruit players through these ID Camps.

Once registered for camp we will notify each player of acceptance to camp and we will also send out a complete schedule as camp gets close. Camp will consist of two full games on Saturday, a morning game on Sunday and an All-Star game at 3 on Sunday afternoon. Players will be informed of their standing with the Clippers at the conclusion of camp.

We believe we have the finest organization, facilities, community and fans in all of Junior 'A' Hockey. The fact that you have received an invitation to our camp indicates you have already shown you are ready to compete for a roster spot on the Nanaimo Clippers Junior Hockey Club and we are excited to have you attend this year's Spring Camp.

There is only a limited number of spaces available at each camp. We have made camps in various locations to make it easier on players for travel purposes. Please register ASAP to confirm your spot. Please email the registration form back to me at [jason@nanaimoclippers.com](mailto:jason@nanaimoclippers.com). We are accepting cheque and e-transfer for payment and I will confirm upon registration.

Good luck with the rest of your 2015-16 season. If you have further questions please email me or text at 250-300-1253.

Sincerely,

Jason Williamson
